A young couple gets married, and the groom asks his bride if he can have a dresser drawer of his own that she will never open. The bride agrees. After 30 years of marriage, she notices that his drawer has been left open. She peeks inside and sees 3 golf balls and \$1,000.

She confronts her husband and asks for an explanation. He explains "Every time I was unfaithful to you, I put a golf ball in the drawer." She figures 3 times in 30 years isn't bad and asks "But what about the \$1,000?" He replied, "Whenever I got a dozen golf balls, I sold them"

A guy is driving down a deserted highway. He pulls up to an intersection, and rolls through the stop sign. From out of nowhere, a cop pulls him over. COP: "Do you know why I pulled you over?"

GUY: "Hey, I slowed down didn't I???"

COP: "You must come to a full stop at the sign."

GUY: "Stop. Slow down. What's the difference?"

The cop pulls out his baton and starts to beat the guy without mercy.

COP: "Well, do you want me to STOP or SLOW DOWN?"

It was the day of the big sale. Rumors of the sale (and some advertising in the local paper) were the main reason for the long line that formed in front of the store by 8:30, the store's opening time.

A small man pushed his way to the front of the line, only to be pushed back, amid loud and colorful curses. On the man's second attempt, he was punched square in the jaw, & knocked around a bit, and then thrown to the end of the line again.

As he got up the second time, he said to the person at the end of the line, "That does it! If they hit me one more time, I'm not opening the store!"

My husband and I took our two-year-old daughter to the home-improvement store. Madison got tired of walking, so my husband let her ride on his shoulders. As he walked, Madison began pulling his hair. Although he asked her to stop several times, she kept on. Getting annoyed, he scolded, "Madison! Stop that!" "But, Daddy," she replied, "I'm just trying to get my gum back."

While my wife and I were shopping at a mall kiosk, a shapely young woman in a short, form-fitting dress strolled by. My eyes followed her.

Without looking up from the item she was examining, my wife asked, "Was it worth the trouble you're in?"

**Thought for the Day:** To be happy with a man you must understand him a lot and love him a little.

To be happy with a woman you must love her a lot and not try to understand her at all.

## This week's Riddle.

I'm called a man  
But I'll never have a wife  
I was given a body  
But not given life  
They made me a mouth  
But I wasn't given breath  
Water gives body  
And sun gives me death  
What am I?

Answer in next paper.

A mousetrap, placed on top on of your alarm clock will prevent you from rolling over and going back to sleep.

A man who had just undergone a very complicated operation kept complaining about a bump on his head and a terrible headache.

Since his operation had been an intestinal one, there was no earthly reason why he should be complaining of a headache. Finally his nurse, fearing that the man might be suffering from some post-operative shock, spoke to the doctor about it.

The doctor assured the nurse, "Don't worry about a thing. He really does have a bump on his head. About halfway through the operation we ran out of anesthetic."

A guy walks into a doctor's office with a strawberry growing out of his head.

Doc says, "I'll give you some cream to put on it."

A man goes to the track and sees a Priest blessing a horse before a race and quickly goes to the ticket window and bets. The horse wins. He watches the Priest carefully for the next four races, and continues to win, until he has quite a small fortune. He decides to bet it all on one last race.

Before the horse crosses the finish line however, it drops dead. The man rushes up to the Priest, confronts him with what he's seen and demands an explanation.

The Priest just shakes his head sadly and says, "That's one of the problems with you Protestants. You don't know the difference between a blessing and the last rites."

A customer in a bakery was observed carefully examining all the rich-looking pastries displayed on trays in the glass cases.

When a clerk approached him and asked, "What would you like?"

He answered, "I'd like that chocolate-covered, cream-filled doughnut, that jelly-filled doughnut and that cheese Danish."

Then with a sigh he added, "But I'll take an oat-bran muffin."

One day a professor was giving a big test to his students. He handed out all of the tests and went back to his desk to wait. Once the test was over, the students all handed the tests back in.

The professor noticed that one of the students had attached a \$100 bill to his test with a note saying "A dollar per point." The next class the professor handed the tests back out.

This student got back his test and \$64 change.

Lisa was out driving her car and while stopped at a red light, the car just died. It was a busy intersection and the traffic behind her was starting to pile up. The guy in the car directly behind her was honking his horn continuously as Lisa continued to try getting the car to start up again.

Finally Lisa gets out of her car and approaches the guy in the car behind her. "I can't seem to get my car started," Lisa said, smiling. "Would you be a sweetheart and go and see if you can get it started for me. I'll stay here in your car and lean on your horn for you."

When my three-year-old son opened the birthday gift from his grandmother, he discovered a water pistol. He squealed with delight and headed for the nearest sink. I was not so pleased. I turned to Mom and said, "I'm surprised at you. Don't you remember how we used to drive you crazy with water guns?"

Mom smiled and then replied,....."I remember."
